

source/bsp/gpio/GpioExti
All.h

```
graph TD; A[source/bsp/gpio/GpioExtiAll.h] --> B[gpio.h]; A --> C[main.h];
```

The diagram illustrates a header file dependency. A central box at the top represents the file 'source/bsp/gpio/GpioExtiAll.h'. Two blue arrows originate from the bottom of this box and point downwards to two separate boxes below it. The left box is labeled 'gpio.h' and the right box is labeled 'main.h', indicating that 'GpioExtiAll.h' includes both of these files.

gpio.h

main.h
